DEDICATION

Seldom are teachers as enthusiastic about student body activities as this gentleman is.

In the seven years that he has been at Sherwood, he has become one of our favorite instructors because of his cheerful willingness to devote attention to the individual. Each member of his class also appreciates his demand for stern concentration.

The Sylvan Staff would like to dedicate this nineteen sixty-nine yearbook to our teacher of higher mathematics and sciences, Mr. George Barhorst.

HEADMASTER

You, the members of the graduating class, have played a notable part in bringing to the greater St. Louis Community the picture of Sherwood as it is, through your individual and collective implementation of the school's basic philosophy and objectives. Sherwood's Board of Directors, its outstanding teaching staff, and its active and dedicated parent organizations have contributed heavily to the high regard in which this school is held, working in conjunction with you.

Within the student body, leadership must start "from the top". I am thus happy to express to you, the graduating class, my appreciation for the elements of leadership which you have provided.

To each of you, my cordial best wishes.
